🔗 LeetCode

Profile

Seeking a software developer position at a reputed company where I can apply my skills and experience in web development, cloud computing, and other software development technologies. As a final year CSE B.Tech student at NIT Jalandhar, I have successfully completed several software development projects and internships, including one at Amazon, that demonstrate my proficiency, creativity, and teamwork abilities. I am eager to learn new technologies and contribute to the success of the company's software products.

Education
